

# The European Markets Opportunity

Small Cells World Summit 2022

Aitor Rubio – Head of Products & Solutions for Private Networks - Cellnex

# Private 5G in Europe per vertical segments

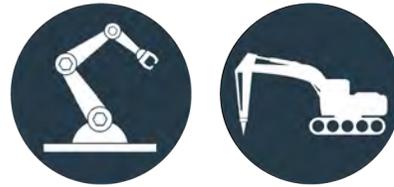

Number of private LTE/5G networks per industry

# What will 5G actually bring in the next 2 years?

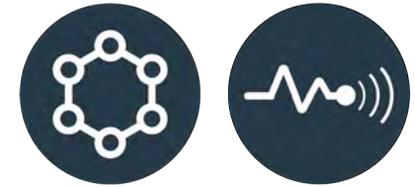

## Enhanced mobile broadband

Peak speed  
10Gbps

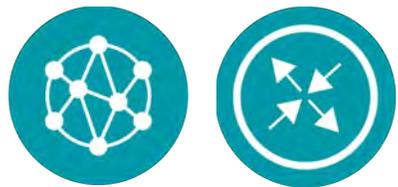

## Ultra-high reliability

Ultra-low  
latency (1ms)

## Massive IoT connectivity

1 Million device  
connections / km<sup>2</sup>

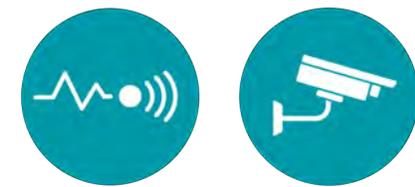

## Reshape Telecom market landscape

5G & Mobile Edge Computing  
with increasing influence

## New technology implementation

5G stand-alone, edge, AI,  
open/disaggregated architecture

## More integrations

Asset tracking, data analytics, business  
continuity, ecosystem innovation

# European leaders in Private 4G/5G Mobile Networks

+40 Private 4G/5G Mobile Network

## Transportation

## Mining

## Oil & Gas / Energy

## Manufacturing

# Thank you

## Aitor Rubio
